WE BELIEVE OUR BEST NEW PROSPECTS ARE OUR EXISTING CUSTOMERS

In 1983, when Henry Lamovec started Office Enterprises, Inc., he had a philosophy that is still around today, "Treating our customers as prospects throughout our relationship guarantees our dedication to them." As we have grown to become the region's most complete office solutions provider, we continue to live by that philosophy.

We pride ourselves on being trained experts, offering our customers a complete source for all their office equipment and furniture needs.

(PaaS) PRINT AS A SERVICE

The buzz phrase in the copier and printer world over the past several years has been MPS (Managed Print Services.) MPS means partnering with a provider who will optimize and maintain your fleet of copiers and printers. At OEI, we challenged the status quo of MPS and we developed a value-based program that fits with today's business practices, Print as a Service (PaaS). So how is PaaS an upgrade offering to MPS? OEI's differentiator is that we include everything in one monthly rate! No worrying about what copy and print technologies are leased versus owned. No worrying about what copy and print technologies are on maintenance and what isn't. With OEI's PaaS offering, we evaluate your office copy and print requirements, then package a total solution for one low monthly payment. Benefits our clients realize: no more worrying about print volumes, equipment acquisitions, or other monthly costs. Paper... we almost forgot to mention, we include paper too!

- Copy/Print Equipment & Software
- Toner
- Maintenance
- Paper
- One Fixed Monthly Price

(YOaaS) YOUR OFFICE AS A SERVICE

Have you ever wished that you could find a single provider for everything that you need to run your business? You just found it with OEI and CSTONE. We can provide you with everything needed to keep your office running. In fact we can do it with just one contract. No more dealing with multiple vendors, dozens of sales reps and the associated billing headaches. Get your furniture, print devices, computers, networking equipment, website, and phone system from one company for one low monthly price.

- Furniture
- Printers
- Mailing Equipment
- Computers
- Networking Equipment
